with instructions.

Submit video by December 1.

Recording Details and Instructions.

- Recording can be done during either a show, rehearsal, or a performance.
- Clear the scene area of distracting items (if possible.) The ideal would be to have a clear view of the chorus without obstructions – i.e. no audience heads, or equipment.
- Set up the recording device to record in *horizontal* mode on a tripod.
- Have the device you are recording set to record in **HD**
- When recording you can leave a bit of space/time on both ends of the video. I am able to edit that out.
- The better the quality of the video, the higher degree of success for this Region 16 holiday compilation project.

How to submit.

- Submissions can be sent via email to r16.mkt@gmail.com. To submit your video, you can provide us with a link from either a cloud post (for example, Dropbox or WeTransfer), or from a YouTube upload under an 'Unlisted' privacy setting.

Deadlines.

September 30 – Complete online form with choice of two song titles, along with composer, arranger and scanned copy of first page for each song.

December 1– Recorded copy of the video following the instructions above.

We encourage you to have your choruses get involved in this fun project with its potential to attract further interest on our social media platforms. Thank you for all you do and for taking time to contribute to this regional project celebrating this special holiday season.

If you have any questions, please contact me at vanessaechlin@gmail.com.
